

OUR IMPACT

2000-2010s

Moseley opened its new home at Bournbrook in 2000-01, defeating Exeter in the inaugural match. The club faced financial and planning challenges through the early 2000s, surviving a takeover bid and reorganising under a new consortium in 2002.

2012-13

The club mourned the loss of former director and shareholder Alan Adam. On the field, Moseley achieved a rare double over Bristol and finished 10th in the Championship.

2013-14

Moseley struggled early but improved to finish fifth in National League One with notable wins over Bedford and Fylde. Off the field, work began on a new 712-seat stand and clubhouse at Billesley Common.

2017-18

The season saw varied results, including wins vs Hull Ionians and Fylde, and losses vs Coventry and Old Elthamians, with mixed league performance throughout the campaign.
